

Summer Position, Junior Investment Analyst – Private Equity

With over \$2.7 billion of capital across six funds, ARC Financial Corp. is Canada's leading energy-focused private equity manager. Our funds have a mandate to provide equity capital to energy companies featuring outstanding management teams, strong business fundamentals and the potential for substantial value creation. We are focused on the Canadian oil and gas business where we can leverage our specialized knowledge, expertise and our deep relationship network. ARC Financial Corp. has invested over \$2.0 billion in more than 160 energy companies to-date in the following areas of the Canadian and global energy business: oil and gas exploration and production, oil sands and oilfield services.

As a private equity firm, our primary role is to make investments on behalf of our investors who include an experienced and committed group of endowments, pension funds and private foundations. Our team of highly experienced investment professionals is responsible for sourcing and identifying opportunities, structuring and negotiating deals, monitoring investments and exiting at the opportune time.

Working closely in a team-based environment with our investment professionals you will have the opportunity to develop the skills required to be successful in a career in capital markets or the energy sector. The diverse technical and financial background of our team and our wide range of daily activities will ensure that you are exposed to all aspects of our business.

Some of your roles and responsibilities over the summer may include:

- Updating, further developing and analyzing our financial and oil and gas reserve models and databases
- Preparing and presenting internal reports such as benchmarking studies
- Attending internal energy research and investment strategy meetings
- Providing support to the investment team

Skills and Education

- Enrollment in a financial or business orientated undergraduate program (graduating in 2013 or 2014)
- Exceptional knowledge of Microsoft Office applications, especially Excel
- Superior quantitative, analytical, communication and presentation skills
- Initiative, creativity and independent thinking with a strong attention to detail
- A strong work ethic
- Excellent interpersonal skills and a desire to be a team player

Work Experience

This is an entry level position. Some employment experience in the energy or investment industry is an asset but not required.

Term

May to August 2012

Applicants should have an interest in building a career in Calgary and in the private equity investing business. Interested candidates should e-mail or mail (no phone calls please) a cover letter, one page resume and all university transcripts to:
