

Summer Position, Junior Investment Analyst – Private Equity

With over Cdn \$6.0 billion of capital raised across nine funds, ARC Financial Corp. is Canada's leading energy-focused private equity manager. Our funds have a mandate to provide equity capital to energy companies featuring outstanding management teams, strong business fundamentals and the potential for substantial value creation. We are focused on the Canadian oil and gas business where we can leverage our specialized knowledge, expertise and our deep relationship network.

As a private equity firm and trusted advisor, our primary role is to make investments on behalf of our investors who include an experienced and committed group of endowments, pension funds and private foundations. Our team of highly experienced investment professionals is responsible for sourcing and identifying opportunities, structuring and negotiating deals, monitoring investments and exiting at the opportune time.

Working in a team-based environment with our investment professionals you will have the opportunity to develop the skills required to be successful in a career in capital markets or the energy sector. The diverse technical and financial background of our team and our wide range of daily activities will ensure that you are exposed to all aspects of our business.

Some of your roles and responsibilities over the summer may include:

- Managing financial models and databases
- Preparing and presenting internal reports
- Attending select internal energy research meetings
- Providing support to the investment team
- Working on database development and visualization projects

Skills and Education

- Enrollment in a financial or business orientated undergraduate program (graduating in 2021 or 2022)
- Knowledge of Microsoft Office applications, especially Excel and PowerPoint
- Knowledge of visualization tools such as Power BI or keen interest in big data analytics
- Superior quantitative, analytical, communication and presentation skills
- Initiative, creativity and independent thinking with a strong attention to detail
- Strong work ethic
- Excellent interpersonal skills and a desire to be a team player

Work Experience

This is an entry level position. Some employment experience in the energy or investment industry is an asset but not required.

Term

May through August 2020

Interested candidates should e-mail a cover letter, one-page resume and all university transcripts to:
